

Personal Budgeting Assistant

Authors: Aaron Thompson, Reagan Tibbets, Jonathan Terry, Trey Sturman

Problem Statement

The average person in the current age doesn't know how to manage their budget because they don't know that they need to plan ahead. Our solution will assist the user in keeping a balanced budget and plan for the future at their own pace.

Who is experiencing the problem?

New graduates who haven't lived on their own.

What is the Problem?

People who aren't familiar with budgeting, have a difficult time planning for bills.

Where does the problem present itself?

Emergency expenses and when bills are due.

Why does it Matter?

People need to be able to keep up with debt and avoid it with all means necessary.
